WATERVILLE TOWNSHIP POLICE DEPARTMENT CODE OF ETHICS

Justice - I will treat people fairly and act in good faith. I will work toward racial and social justice for all.

Excellence - I will not be satisfied with the status quo. I will review all systems and processes with an eye towards improvement, efficiency, and professionalism. When I attend training or review new policies I will strive to master the material because I recognize that training leads to competency.

Humility - I will learn from both positive and negative experiences and share what I learn with others. I will listen to what other people are saying, ask questions and consider their concerns.

Harm Reduction - I will commit to exploring new ways to improve public safety while reducing harm to communities and individuals. I will think outside the box and look for long-term and sustainable solutions while partnering with others.

Service - The common thread tying these four principles together is service. Service is the first word on my shoulder patch and I will keep service to our community as my first priority. I will provide that service with pride and dedication.

The men and women of the Waterville Township Police Department are committed to be a caring and sensitive organization dedicated to the concepts of personal excellence, continuous improvement, integrity, teamwork and service to our community. We believe in and will defend the dignity of all people and desire to protect individual rights. We aspire to contribute to the quality of life in Waterville Township by providing compassionate, understanding, and efficient policing services.
